

Proposed discussion topics for Regulatory Agency meeting

Topics to consider before the meeting: 1) What do you think the goals of the AOC are? and 2) How does my work support the goals of the AOC

Goals of the AOC

Roundtable discussion of AOC goals, ends with Jeff/ Keith

Key Points: Improvement of facility infrastructure (prevention)

Timeframe of the AOC

AOC Status

Technical description of Facility

Phil discusses the facility, his understanding of the potential for small and catastrophic releases

Technical description of modeling around Red Hill

Matt and Gary discuss: Given the types of likely releases, will the GW flow and F&T model be able to tell us where releases would go in this environment?

Discussion of Navy Prioritization

Given the goals of the AOC and what the experts have shared, what are our priorities for the Navy?
